| Annual Tribal Budget Consultations | Meeting/Workshop | In compliance with Executive Order 13175, the Secretary of HHS convened Annual Tribal Budget Consultation sessions in 8 of 10 HHS regions. Tribal Affairs, Office of Intergovernmental Affairs coordinated and executed the sessions. Accordingly, each Federal agency must have an accountable process to ensure meaningful and timely input by tribal officials in the development of regulatory policies that have tribal implications. While HHS and a number of its operating divisions have established a consultation process, the NIH has not established such a process. NICHD participated in the Denver session held in HHS Region 8. | ACF/AoA/AHRQ/ ATSDR/CDC/ CMS/FDA/HRSA/ IHS/OS/OSG/ SAMHSA | NONE | **NICHD** | Empowering Biomedical Research Community: Workforce Diversity. | Federal Liaison Group on Asthma (FLGA) | Committee/Workgroup | The FLGA is committed to achieving and maintaining effective coordination that respects the unique contributions of individual agencies, facilitates exchange of information to avoid duplication, enables identification of opportunities for collaboration, and ensures that consistent messages about asthma are developed and disseminated. Much coordination of federal asthma activities already exists, and plans for expansion are under way. The FLGA will continue to explore current and planned asthma activities in greater depth in each of the five goal areas and seek new opportunities for interagency coordination and collaboration. | ACF/AHRQ/ ATSDR/CDC/ CMS/FDA/HRSA/ OS | Accelerate Discovery to Improve Patient Care: Disseminate health information to the public, Innovative Biomedical Methodologies, Innovative Biomedical Technologies, Patient-centered Research, and Translate basic science into new therapies. | Federal Partners in the Gulf Long-Term Follow-up (GuLF) Study Working Group | Committee/Workgroup | The Federal Partners in the Gulf Long-Term Follow-up (GuLF) Study Working Group is an interagency group of Federal agencies responding to potential health effects of the Deepwater Horizon oil spill disaster. The working group was convened to provide input on the design and conduct of the Gulf Long-Term Follow-up (GuLF) study, a longitudinal study of oil spill clean-up workers led by the National Institute of Environmental Health Sciences with support from the NIH Common Fund, NIH OD and BP. Working group members share ideas on ways to maximize interagency efficiency and effectiveness by working collaboratively on areas of common interest and sharing data and samples collected by their agencies, they identify data collection needs that could be met by the GuLF study rather than duplicate surveys to the same population, and they identify agency resources that could be brought together to improve the GuLF study. Scientific oversight for the study is provided by the National Academy of Science's Institute of Medicine. | ACF/ATSDR/ CDC/CMS/FDA/ HRSA/OS/ SAMHSA | Accelerate Discovery to Improve Patient Care: Disseminate health information to the public. | Healthy People 2020 | Committee/Workgroup | Healthy People provides science-based, 10-year national objectives for promoting health and preventing disease. Since 1979, Healthy People has set and monitored national health objectives to meet a broad range of health needs, encourage collaborations across sectors, guide individuals toward making informed health decisions, and measure the impact of our prevention activity. Currently, Healthy People 2010 is leading the way to achieve increased quality and years of healthy life and the elimination of health disparities. Healthy People 2020 is currently assessing the objectives of the past decade, measuring the impact of its prevention activity, and developing new 10-year targets. | AHRQ/ATSDR/ CDC/FDA/ HRSA/OS | Accelerate Discovery to Improve Patient Care: Disseminate health information to the public.
