## Page 1:

It also provides review of other requests for support for which Council recommendations are required by law. Further, the Council reviews and provides clearance for concepts for ORIP, CF, ECHO, *Office of Behavioral and Social Sciences Research (OBSSR)*, *Office of Data Science Strategy (ODSS)*, *Office of Dietary Supplements (ODS)*, *Office of Nutrition Research (ONR)*, *NIH Lasker Clinical Research Scholars Program*, and *All of Us* Research Program initiatives.

## Page 8:

The purpose of concept clearance is to ensure that CF, ORIP, ECHO, *OBSSR*, *ODSS*, *ODS*, *ONR*, *NIH Lasker Clinical Research Scholars Program*, and *All of Us* Research Program programmatic funding plans and priorities adequately address the objectives defined for these offices.

ORIP, ECHO, *OBSSR*, *ODSS*, *ODS*, *ONR*, *NIH Lasker Clinical Research Scholars Program*, and *All of Us* Research Program staff prepare concept presentations for review by the Council.

# Suggested Revision to the COP – Applications Identified by Staff for Discussion

---

## Suggested Modification to [Section II, Part G, Subsection 2](#) (top of page 7)

### 2. Applications Identified by Staff for Discussion

Staff may identify for consideration by Council those applications that they feel deserve specific discussion, such as applications that pose a special policy issue, where the summary statement includes a minority report from the SRG, when there is reason for staff to discuss some aspect of the SRG's recommendation, or when there are other programmatic concerns. The application summary statement will be posted to the ECB, a staff recommendation will be made, two Council members will be assigned to review the staff recommendation, and the full Council will be asked to vote on the staff's recommendation at the Council meeting. A quorum must be available either in-person, ~~or~~ by telephone, *or virtually* for the vote.
