

National Institutes of Health  
*Office of Dietary Supplements*

**Concept Clearance: Reissue of PA-18-817**

**Administrative Supplements for Research on Dietary Supplements**

**Objective:** to provide supplemental funds to relevant, active, NIH-supported research projects to incorporate dietary supplement research that is within the scope of the parent award

**Funds Available and Anticipated Number of Awards:** Contingent upon NIH appropriations and the submission of meritorious applications

**Award Project Period:** up to 1 year

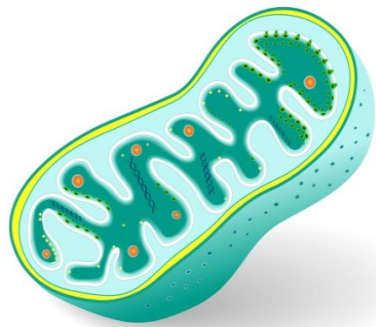

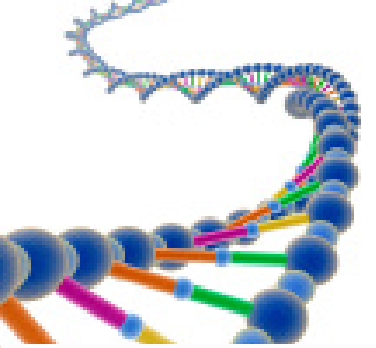

**Council Action:** Vote for continued support for “Administrative Supplements for Research on Dietary Supplements”

# Background

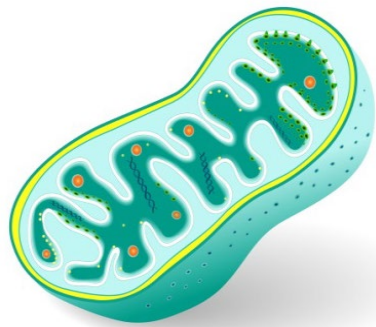

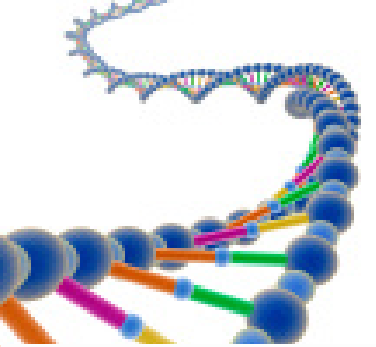

Supporting research to evaluate the health effects of dietary supplements and the underlying biological mechanisms by which they affect health is a congressional mandate and a key component of ODS's Strategic Plan

- ODS does not have direct grant funding authority
- ODS can either co-fund grants or fund administrative supplements to active NIH grants

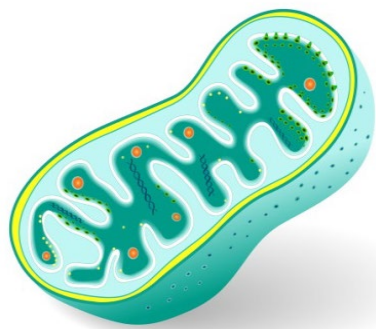

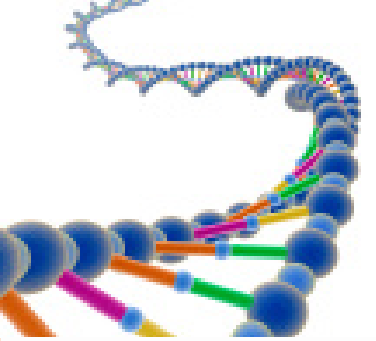

# Purpose

- Designed to support research in which the primary emphasis is on dietary supplements and/or their ingredients in health maintenance and disease prevention
  - Research must be within scope of the parent grant
  - Not limited to specific health conditions, organ systems or population groups
  - All types of research, including preclinical, clinical, behavioral and epidemiological
  - Supplements must be administered orally in physiologically relevant forms and concentrations
  - Need to provide product integrity information
- Budget limited to \$100,000 direct costs for up to 1 year
- Must have 18 months remaining on the parent grant at the time of submission

# ODS Funding Snapshot

## September 2019 – January 2020

	Administrative Supplements
ICOs submitting applications	14
Applications Received	55
Applications Funded	37 (67%)
Funding Mechanisms	7 (R01, R21, K01, P30, P50, P51 and U01)

# Concept Clearance

*Continue support for Administrative Supplements for Research on Dietary Supplements*
